Sarnia Arena

Revitalization Project

2017—2018

The Sarnia Arena is a major community hub which strengthens the social fabric of the City of Sarnia. It promotes healthy lifestyles and recreational opportunities for almost 70 years. Generations of families have many exciting memories of time spent in the Sarnia Arena.

After its many years of serving the Community, the Sarnia Arena is in need of some renovations and upgrades which will make it accessible to all. Some of these renovations involve Heating, Lighting, Roof repair, Lobby and concession improvements, and changes to washrooms. As well, the façade and exterior also require some repairs.

Please join with us in preserving this valuable Community asset.
